CONSCIOUS MAKE-UP

BOHO GREEN MAKE-UP, CONSCIOUS MAKE-UP

First make-up brand allying organic pleasure and professional quality, Boho Green Make Up creates **natural and technical makeup** since 2012, excluding the most controversial ingredients.

More than a business concept, Boho Green Make-Up is a **meaningful project** that meets the demands and needs of transparency of today's women.

Real **ethical consumers** in search of ideals and shared values, they are now able to bring up their voices and their choices.

Using **plant raw materials**, carefully selected ingredients, **natural pigments** and **eco-designed packaging** to offer a lower quality make-up wouldn't make any sense.

As a **natural make-up designer**, Boho Green Make-Up could only imagine a range of **performing**, high coverage, sublimating, rich in colors and **long lasting** products, that remain universally accessible at a **reasonable price**.

With **137 references**, 24 eyeshadows, 18 lipsticks shades, 6 BB cream shades, and various limited edition collections of nail polishes, Boho Green Make-Up is nothing less than **one of the biggest organic and natural make-up brand on the market**.

MATTE | PEARLY

HOW TO APPLY YOUR BLUSH?

ROUND / OVAL FACE

Round and oval faces have not prominent cheekbones and need to be sculpted.

To highlight your cheekbones, apply blush by drawing a «3» number, starting from the temples, down to the cheekbone and fading towards the jaw.

Tip for round face: *avoid pearly shades that reflect light and give volume.*

SQUARE / ANGULAR FACE

To lengthen the square face and soften angles, apply blush in circular motions. Feel free to highlight your cheekbones.

Apply the blush by drawing a horizontal line. Start from your ears and get to the prominent part of your cheekbones.

Tip for square face:

Feel free to smile in front of your mirror to find the rounded part of your cheeks on which you can apply the blush.

OUR MAKE-UP TIPS

STRUCTURE LIGHT CONTOURING*

STEP 1

Apply a Terra Cotta slightly darker than your usual shade, on the dark areas (in brown on the picture) to sculpt and define your face.

Big forehead? Apply a small amount of baked powder at the birth of your hair, on your temples.

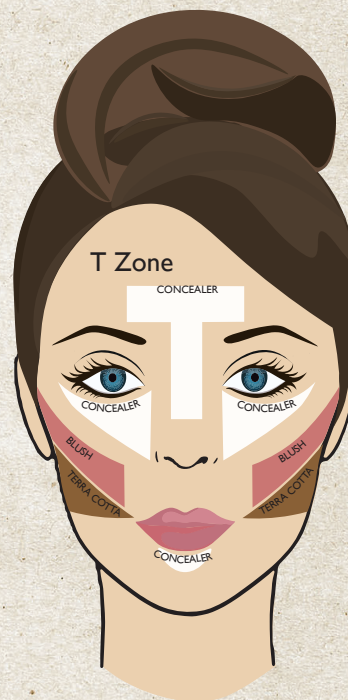

STEP 2

Apply a pearly Terra Cotta lighter than your usual shade or the Highlighter, on the bright areas (in white on the picture) for a radiant and glowing complexion.

* Make-up technique which consists in reshaping and defining the contours of the face by playing with shadows and light.

OUR MAKE-UP TIPS

UNIFY GET A PERFECT COMPLEXION, STEP BY STEP

STEP 1

Apply your usual day cream all over your face.

STEP 2

Use the foundation brush 08, and apply the foundation starting in the center of the face and blend out.

STEP 3

Apply concealer on the targeted areas in white on the picture.

STEP 4

Use the powder brush 05 to powder your face with loose or compact powder.

STEP 5

Use the blush brush 06 to define and shape your face with a matte Terra Cotta one tone darker than your skin. Apply a pearly shade to get a perfect glowing complexion.

STEP 6

DEFINING THE LOOK

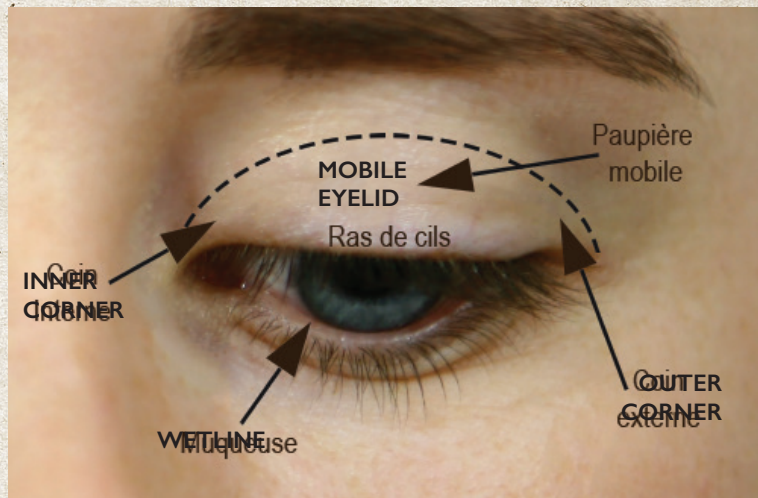

LONG LASTING EYE SHADOWS

To make your eye shadows last longer, apply first a small amount of beige concealer with your finger on the entire mobile eyelid. The creamy texture will make the powder last longer.

THE EYE PENCIL: YOUR BEST ALLY

- Large eyes : draw a line on the lower lid wetline to make the eye smaller.
- Small eyes : draw a line at the base of your bottom lashes to make your eyes seem bigger.

You can also apply some eyeshadow of a similar shade on the pencil line to help it last all day long.

OUR MAKE-UP TIPS

BALANCE THE CHOICE OF COLORS

If you are wearing a smokey eye makeup, choose a nude lipstick like 107 Lin or 304 Capucine.

On the contrary, if you wear a light eye makeup, you can choose a colorful or dark lipstick like 105 Tapis Rouge or 309 Figue.

PROFESSIONAL MAKE-UP TIPS

To emphasize the contrast and boost the color: use a small amount of concealer to draw again your lip contour with a lip brush.

ACCESSORIES

BRUSHES 7 BRUSHES

BOHO GREEN MAKE-UP renews its makeup brushes with The B. Kit, a collection of 7 brushes of ROSE GOLD inspiration, ultra-technical, sustainable, completely cruelty free (no animal hair) and environment-friendly.

BEAUTY. PURITY. HIGH TECHNICITY. COMMITMENT.

A LINE OF REFINED AND FEMININE BRUSHES

The brush is composed of a ferrule aluminum copper, inspired by the beauty and originality of a precious metal; the Rose Gold. The marriage of the copper-colored aluminum and wood gives to the line softness, purity and femininity.

A LINE OF HIGH PERFORMANCE MAKEUP BRUSHES

Synthetic bristles are specially designed to be thick, soft and silky, for precise and harmonious makeup results. Our technical team has strongly worked on the bristles softness and created a line specially developed for BOHO GREEN MAKE-UP products.

A LINE OF 100% VEGAN BRUSHES

The bristles of our brushes are 100% synthetic to avoid any use of animal hair and ensure optimal quality and extreme softness.

A LINE OF ENVIRONMENT-FRIENDLY BRUSHES

The handle of the brushes is made of a birch wood from sustainably managed forests, certified by the FSC label.

Tips: Cleaning your brushes regularly is essential to extend the life of the bristles and helps minimize bacterial growth to take care of your skin. Use a mild soap, baby shampoo or make-up gel remover and wet the brush with some water. Emulsify and rinse thoroughly. Leave to dry on a clean towel.

EYE SHADOW & CONCEALER BRUSH 01

Multipurpose, the eye shadow and concealer brush makes it easy to apply eye shadows on the mobile eyelid and the brow bone. It can also be used to apply creamy texture products such as concealers and easily make touch-ups during the day.

BEVELED BRUSH 02

With the beveled brush, you can draw precise lines to intensify and bring out your eyes. Ideal to draw a liner line.

CREASE SHADOW BRUSH 03

Its conical shape makes blending very easy, especially when combining colors together in the crease area. Perfect to create a smokey look.

POWDER BRUSH 05

The powder brush allows a uniform application of the Compact Powder to get a natural coverage. Used with the Green Mineral Loose Powder, collect powder in the cardboard cap with the brush and tap the excess powder.

BLUSH BRUSH 06

Its beveled shape has been design to match the cheekbones curves. Collect pigments and apply the powder with soft strokes from the prominent part of the cheeks towards the temples.

You can also use this brush to apply Terra Cotta for your contouring.

LIP BRUSH 07

The lip brush allows to apply with precision lipstick or gloss and helps blend lip liner. The synthetic bristles are specially designed for a smooth application.

Result? A personalized homogeneous makeup for natural or more sophisticated lips.

FLUID FONDATION ROUNDED BRUSH 08

The rounded shape of this brush allows a uniform, homogeneous and streak-free application. Use it with our new 'Boho Green Make-Up Fluid Foundation!
