

JOIK HOME & SPA – NATURAL LUXURY FOR YOUR HOME AND BATHROOM

From scented vegetable wax candles, room fragrances and natural home spa products – all characterised by fascinating fragrances and captivating colours, designed to bring beauty to your life.

JOIK

HOME & SPA

- Home fragancing – candles, diffusers, scented sachets, room sprays
- Selection of Home & spa products – bath and shower products, selection of soaps, selection of body care

VEGETABLE WAX SCENTED CANDLES

JOIK Home & Spa candles are made of Scandinavian rapeseed wax.

Rapeseed is widely grown in Europe, it is GMO free, vegan friendly, biodegradable and burns longer and cleaner than paraffin.

As it is grown locally, the ecological footprint thanks to shorter transport routes is smaller.

The candles are scented with high quality cosmetic grade fragrance oils, there are 24 different scents in our selection - something for every taste and all true to their name.

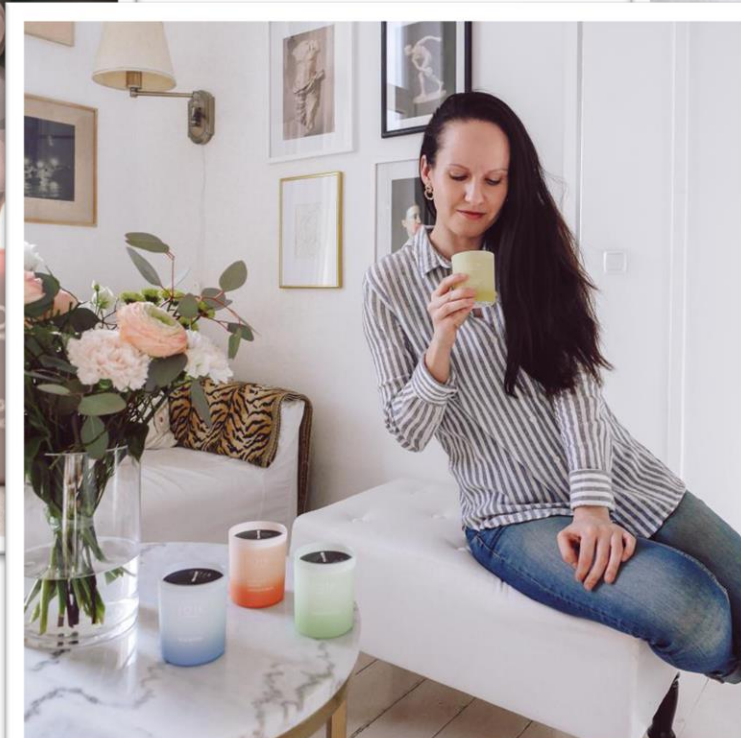

The candles are poured into colourful glass tumblers and complement different interiors.

Burning time of JOIK Home & Spa candles is 30 h.

FRAGRANCE DIFFUSERS

JOIK Home & Spa fragrance diffuser is a stylish accessory for any room and a perfect alternative for a scented candle where candles cannot be used.

Fragrance diffuser is made with a eco-friendly vegetable origin base and finest fragrance oils and fills a room with a wonderful aroma.

The intensity of the scent can be regulated by the number of reeds used and how often the reeds are flipped.

SCENTED WOODEN BEADS

Luxurious scented wooden beads are perfect for perfuming small spaces like cars, wardrobes, drawers, bathrooms, etc.

Wooden beads are made of Estonian birchwood that comes from wood industry residue and are packed into an environmental friendly glass jar.

Here are different ways to use the scented wooden beads:

- Place the beads (we recommend 4-8 beads) in a textile bag and hang in a car, wardrobe or bathroom;
- Add one or several beads to drawers, gym-bags or luggage;
- Remove the lid from the jar and place the jar on a shelf to diffuse the wonderful aroma.

You can also leave the rest of the beads into the glass jar and use them once the first batch has lost its scent.

The package includes 15 scented wooden beads and a textile bag for hanging them.

SCENTED WOODEN BEADS

FRAGRANT ROOM SPRAYS

JOIK Home & Spa fragrant room spray is made with eco-friendly vegetable base and highest quality fragrance oils.

It is an elegant accessory for any interior and fills every room with its very own signature scent. It is ideal for living rooms, offices, bedrooms, kitchens or bathrooms.
